

CLUB TS 26/27 SEASON MEMBERSHIP

Discounted track days in Spain/Portugal with options for...

- **Bike transport UK-Spain • Track bike storage in Spain •**
- **Transport from our store to all our events in Spain/Portugal •**

4 MEMBERSHIP TIERS AVAILABLE:

Membership is per winter season and offers more than 100 discounted track days at various circuits in Spain/Portugal with options for bike storage over the winter season, and transport from the UK. Our transport operates in a similar way to the past 25 years using our purpose-built steel frames and offering optional bike collections nationwide (incl. Scotland & Northern Ireland). We will obtain an ATA Carnet to cover all bikes/kit for the season, and all-risks insurance* is included for both transport and storage.

Bronze: £290/season if booked by 31 July (£320 thereafter)

For those that transport their own bike to the circuit, Bronze membership offers:

- Discounted track days in Spain/Portugal with shared garage (box) space included
- Live timekeeping, use of transponder & free access to lap times included

Bronze+: £390/season if booked by 31 July (£420 thereafter)

Bronze+ membership includes all of the Bronze membership benefits plus:

- Secure storage Oct-May at Almeria circuit.
- All risks insurance* for storage and transport within Spain/Portugal up to a value of €15,000 (additional insurance is available if required).

Silver: £750/season (+ 0.5% GVF) if booked by 31 July (£825 + 0.5% GVF thereafter):

Silver membership includes all of the Bronze+ membership benefits plus...

- Return transport from the UK for 1 bike & kit.
- Options to share a double frame (easier to load up with kit) with a "frame buddy", who will do the same events as you – or use of a single frame if you are likely to attend events alone.

Gold: £1150/season (+ 0.5% GVF) if booked by 31 July (£1250 + 0.5% GVF thereafter):

Gold membership includes all of the Silver membership benefits plus...

- A double bike frame for solo use so you have space for more kit and/or a second bike.

0.5% GVF:

An additional Goods Value Fee (GVF) applies for Silver/Gold membership. This is 0.5% of the total value that you declare for your bike & kit – so, if you declare a value of £10k for example, your GVF will be £50. The GVF is a contribution towards the carnet/insurance cost, which depends on the value of the items in transit/store.

***ALL RISKS INSURANCE:**

All risks (except earthquake) insurance covers your bike/kit for storage and transport. Cover up to a maximum value of €15,000 (approx. £13,000) is included automatically for all Bronze+, Silver & Gold members. Additional insurance is available (£10 per £1000 of additional value). We have operated transport to/from Spain for 25 years now, and we have been using our stores at Almeria & Valencia circuits for 13 years – and during this time no bikes have been lost/stolen, there have been no break-ins and we have not made any insurance claims. So, the risk of theft/loss/damage is low – but there is always a risk of course.

STORAGE IN SPAIN:

We have 3 stores (Cartagena, Valencia & Almeria) – all are secure and benefit from full perimeter fencing.

Normally we store bikes at Almeria because we have more events there than anywhere else, so this helps to minimise your transport costs.

Normally your bike will be stored in one of our frames so that it can be moved easily from the store to a circuit garage, or to another circuit.

Note that access to your bike for other organisers' events is not normally possible.

TRANSPORT WITHIN SPAIN/PORTUGAL:

If you store a bike with us, we can transport it to our events at other circuits in Spain/Portugal. The costs listed below are the return (not one-way) costs for bikes stored at Almeria.

TRANSPORT NOTES:

All of your kit must fit in the frame with your bike (lose items cannot be transported) but for Club TS members we use larger frames than most other organisers, so there is normally enough room for all your kit including spare wheels, etc.

Silver members that share a double frame and visit away circuits (that is circuits other than the one where the bike is stored) without their “frame buddy” will be charged £60 per event for the transfer of their bike/kit to another single or double frame for transport – so if you are likely to do away events alone and you want to avoid the £60 extra charge, you will need to request a single bike frame when you book.

Note: If you transport your own bike from the UK to Spain you are very likely to need a Carnet, and depending on the value of your bike/gear, that is likely to cost you £500 or more.

MEMBERSHIP DEPOSIT:

A non-refundable/non-transferable deposit of £400 is required at the time of booking (for Bronze members this covers the membership fee and includes a credit for your first event). If you subsequently cancel your membership for any reason, you will forfeit the deposit.

FURTHER PAYMENTS:

We set up a membership account for all Club members. Events, tyres, hotel, etc. are added to your account, with payment being due 14 days before each event. We will send payment reminders for each event and further account top-ups or regular monthly payments can be arranged if required. For full payment/cancellation terms please see our Terms and Conditions, which are available on our website or by email on request.

TYRE SALES/FITTING AT ALL EVENTS:

You can buy tyres from us or you can bring your own and we will fit them. Our prices are very competitive and pricelists are provided. Manufacturers have 2 or 3 price changes per year so it's not possible to fix prices for the whole season in advance, but to give you an idea of what to expect, here are 3 examples (prices correct as of 30.04.26):

Metzeler TD Slick 120/70 & 200/55: Our price £323/pair. Best UK online price £349/pair.

Pirelli Superbike Slick 120/70 & 200/60: Our price £463/pair. Best UK online price £515/pair.

We normally stock commonly used Pirelli, Metzeler, Bridgestone & Dunlop tyres but it's best to order in advance because stock at the circuit is limited. Tyre orders are added to your account and any un-used tyres can be cancelled & credited. Fitting to lose wheels is €20/tyre (or €15 if you buy tyres from us). We can remove/refit wheels at extra cost (£25/wheel) but we prefer you to do this yourself if possible.

SERVICING & REPAIRS IN SPAIN:

If service/repair is required we can deliver your bike to one of several service centres in Spain. Simple things such as an oil & filter change can usually be done at the circuit, and if transport to a service centre is required, where possible, we always group bikes together for transport in order to minimise the cost.

TRACK DAYS & HOTELS:

Track day dates/prices and hotel options are shown on a separate document – this is available on our website (events page) or by email on request.

PAYMENT METHOD:

Payment is by bank transfer, and we can accept most currencies.

We do not accept debit/credit card payments.
