CIRCUIT INFO: Circuito de Jerez is 60 miles south of Seville and was built in 1986 for the Spanish F1 GP. F1 returned in '94 & '97, but Jerez is better known for motorcycle events such as MotoGP, WSBK, etc. It's a flowing mix of fast/medium speed turns, and an all-time favourite for many riders. The circuit was fully rebuilt in 2002 and is now one of the premier venues in Spain.

NEAREST AIRPORTS WITH DIRECT UK FLIGHTS:
