#### CIRCUIT INFO

**Jerez** is situated 60 miles south of Seville and was built in 1986 for the Spanish F1 GP. F1 returned to Jerez in '94 & '97, but the circuit is now better known for hosting motorcycle events such as MotoGP, WSBK, etc. It's a flowing blend of fast/medium speed turns that has become an all-time favourite for bike events. The circuit was rebuilt in 2002 and now stands as a premier venue in Spain.

**Sevilla** is brand-new undulating 4.2km circuit that is being built by the owners of Almeria & Andalucia. The circuit opens in late Feb 24 so we will be amongst the first to ride this awesome new layout, and as Sevilla is a VIP event, there will be less than 25 riders per group! The circuit is 10 mins from Seville airport, 15 mins from the city and just 1 hour north of Jerez. You can find more details are at [www.sevillacircuit.com](http://www.sevillacircuit.com)
