

## TRACK DAYS – 2023/2024 SEASON

### **THIS PRICELIST IS FOR TRACK DAYS ONLY (bike transport is not included):**

These track day prices include live timing, use of transponder & free access to your lap times, groups arranged by lap times, free entry to sprint sessions (see below), and shared space in a garage/box. If you need bike transport from the UK, please see "track days with UK bike transport" on our website events page. Hotel options are shown under the list of dates below.

### **TRACK DAY PRICES:**

#### **Club TS members benefit from lower event prices...**

Club TS members pay the price shown in the Club TS column on the pricelist. The higher price is the column next to that applies for non-members. Club TS Membership is available from £300/year so (see website or contact us for details).

#### **Early/late booking prices apply...**

2 prices are shown in each column – for example, £400/450. The lower price (£400 in this example) applies for bookings made more than 14 days before the first day of the event, and the higher price (£450 in this example) applies any later bookings.

#### **Prices vary according to the event format...**

Fewer riders on track (and/or fewer groups) normally means a higher price. There's more info on the event formats under the list of dates below, but for example, 4x40 means 4 groups of 40 riders (it does not mean 4 x 40 minute sessions per day).

### **THIS LIST WILL BE UPDATED as and when new dates/details are confirmed.**

<b>17 May 24 (TBC): Club TS members' bikes arrive back in the UK</b>					

### EVENT FORMATS:

Most events have 6 sessions per group per day, and most sessions are 20 minutes. Sometimes there is a 15 minute session at the start/end of the day (usually to make time for a group change or a sprint session), and some events (typically the events with fewer riders) have some longer sessions (often 30 minutes) and/or an additional session. The following examples show how to interpret the event format...

**4x40:** 4 groups of 40 riders max (typically with 6 x 20 minute sessions per day).

**2x25:** 2 groups of 25 riders max (typically with alternate 30 minute sessions).

**3.5x35:** 3 groups of 35 max with a 4th group that has 3 sessions per day. Typically the 4th group is for bikes up to 300/400cc and is suitable for a father & son (or similar) combinations that want to ride together (contact us for more info).

**OPL40:** Open pit lane for 40 riders max with a recommendation that, when possible, the fastest 20 use the first half of each hour and the slowest 20 use the last half hour.

**RC 4x28:** Race Camp for fast riders/racers. 4 groups according to class (SBK, STK, SSP & SSP300) with fewer riders as compared to a regular event. RC events often have a mix of 20 minute and 30 minute sessions. Garage/box space is not included in RC event prices but it is available for £75/rider/day (max 4 riders per garage/box).

### **SPRINT SESSIONS:**

These are available at events **where the format is highlighted in blue**. Normally they are 6 laps with a rolling start in order of the lap times set on the previous day.

### **HOTEL ACCOMMODATION:**

We can provide hotel accommodation for Jerez and Almeria/Andalucia events. We also offer hotel options for other circuits when available.

**Jerez:** 4 star hotel 1 minute from the circuit with breakfast included. £45pppn for 2 sharing a room (+£25/night for single occupancy rooms).

**Almeria/Andalucia:** Half board accommodation at a 4 star spa hotel on the beach near Almeria (30 minutes from the circuit). £50pppn for 2 sharing a room (+£30/night for single occupancy rooms) with breakfast, dinner, 20% discount on spa treatments and 15% discount at the bar included.

### **ADMINISTRATION:**

Track Sense deals with bookings/admin prior to the event, and if there are a significant number of Track Sense riders on an event, Track Sense staff will also attend the event. If there are only a handful of Track Sense riders, our partners (Bike Promotion) deal with admin on the day.

Event formats/details are jointly designed and agreed by Track Sense and Bike Promotion. For some events, tyre sales & logistics in Spain/Portugal, Track Sense acts an agent for ITR Germany (Bike Promotion Europe) GmbH.
